JESUSHED

BIOGRAPHY

Jesushed is a Thrash/Heavy Metal band founded in 2014 by Fabio Curtis in the city of Mogi das Cruzes, São Paulo, Brazil.

Contrary to what many people may assume, despite having the word *Jesus* in our name and following the Christian faith, Jesushed is not a Gospel band. Most of our songs are inspired by real-life events, current affairs, biblical stories and our own interpretations of songs by other artists whom we admire. We perform at all kinds of events, including festivals, live shows and private parties. We believe that it is a serious mistake within Brazilian music culture to label bands as either Gospel or non-Gospel simply because they mention God in some of their songs, as we do. Music is a form of art, regardless of its style, subject matter or message.

In other countries, festivals are often organized without this kind of distinction. Bands with Christian themes share the same stage with bands whose lyrics explore entirely different subjects.

Some examples include Powerwolf, Skillet and Lamb of God. Even Iron Maiden have songs featuring lyrics inspired by biblical passages. Jesushed has also performed internationally, with appearances in the United States, Mexico, England, Wales and Scotland. In our view, a band should only be considered a Gospel or religious act when it voluntarily performs in churches, temples and religious events as an act of worship, without any commercial or financial purpose. Just as other rock bands explore subjects such as politics, society, the system and many other aspects of life, we choose to draw inspiration from the Bible when writing some of our songs, using it as a source of meaningful messages of faith and hope.

We believe that music has tremendous power to influence people and can make a positive difference in someone's life, perhaps at a particular moment when it is needed most. Our riffs and melodies are energetic, powerful and infectious. Beyond the music itself, our goal is also to highlight the importance of art and culture in shaping the character of society and contributing to a better world. Instrumentally, we are influenced by bands such as Iron Maiden, Megadeth, Slayer and many others. When writing some of our lyrics, we are also guided by the following belief:

"God created music and gave us the ability to create different kinds of music. Throughout the Bible, music is primarily used to praise God. The Book of Psalms is a collection of songs. Music is also a way of expressing different emotions and feelings about life's circumstances. Music is a blessing from God. Music in the Bible could be solemn and reflective, or joyful and celebratory. The Israelites used a variety of wind, string and percussion instruments. They sang and even danced in the presence of God."

THE ORIGIN OF THE NAME JESUSHED

After returning from the United States, I had several songs ready to be recorded. The name Jesushed came about because one of those songs contains the line: *"That Jesus shed, another story..."*The expression *"Jesus shed"* refers to Jesus pouring out His blood, which is precisely what He did for all humanity. His sacrifice was made without distinction between people, and regardless of individual beliefs, we respect everyone's personal convictions and individuality. That same principle is reflected in our work. Our music is dedicated to everyone who appreciates this style of music, regardless of their beliefs, background or personal views.

RIDD – THE BAND'S MASCOT AND LOGO

In 2018, the band's mascot was created and named **Ridd**, a name derived from the word *Rider*, which can refer to a motorcyclist, horseman or someone who rides. As I am also a motorcyclist, I felt it was the perfect name. Ridd is represented by a smiling skull wearing a skateboard helmet. Although many people associate skulls with death or something negative, that is not what the character represents to us. For Jesushed, Ridd symbolizes equality and reminds us that we are all the same, regardless of colour, race, social class, religious beliefs or gender.

We believe that music has no boundaries, art has no labels, and everyone deserves to be respected

Members Team:

-Fabio Curtis: Guitars/ Vocals / Songwriter / Producer - https://jesushed.com/curtis

- Lead Guitar, Bassist and Drummer: Contract artists

Discography:

CDs:

-2014 – Born Again
-2021 – Not Alone Tour Special Edition
-2023 – UK Mission 2 – Made in England

EPs:

-2016 – 350 graus
-2018 – Fim dos tempos
-2020 – Supermother
-2021 – Cover versions

Singles : 2018 to 2026:

- God above all
- À beira do caminho
- Brasil, sistema falido
